

# Ashes to Fire: Life in the Spirit

The annual journey from Ash Wednesday to Pentecost is a time of personal and congregational examination, repentance, renewal and recommitment to current and future discipleship. This biblical story will become our own as we live it together for three days, sharing our questions, struggles, insights, dreams and visions during a “time apart,” a time of retreat.

The story of Nicodemus (John 3:1-10) will guide us as we engage in scriptural study, theological reflection, traditional spiritual practices, creative expression through art and faith story writing, contemplative music and worship.
